WOMAN SUFFRAGE WINS

Vote in House of Representatives Stands 304 to 89.—Party Lines Wiped Out.

Woman suffrage won a prompt and overwhelming victory in the House yesterday, the vote being 304 to 89.

The "steam roller," piloted by Representative Mann, leader of the suffrage forces, flattened out the opposition at the start, and only perfunctory efforts at obstruction were made.

Party lines were wiped out and Republicans and Democrats alike hastily leaped aboard the band wagon. This is the scond time within eighten months that the house has given its approval to the measure, the previous vote being 274 to 136—a margin of just one vote more than the two-thirds majority requird.

The suffrage resolution now goes to the Seante, where its advocates are confident they have pledges more than sufficient to insure its adoption. Seantor Johnson, of California, has given them assurance that the bill will be taken up probably within two weeks.

MERCHANTS TO CLOSE

Alexandria Will Take a Holiday Saturday Afternoon to Witness Launching of Betsy Bell.

The "Betsy Bell" steel merchant ship being built for the United States Shipping Board, will be launched Saturday afternoon, at two o'clock.

This will be the second ship to be launched under the Virginia Shipbuilding Corporation's contract with the United States Shipping Board Emergency Fleet Corporation, which embraces the construction of twelve ships.

The "Betsy Bell" is four-hundred and two feet and six inches in length, fifty-three feet beam, depth of hold twenty-six feet and six inches and has a dead weight tonnage of nine-thousand four hundred tons.

The citizens of Alexandria are planning to celebrate the launching of this vessel in various ways. King street and other leading thoroughfares will be decorated for the occasion. The Virginia Shipbuilding Corporation has issued invitations to all the members of the U. S. Senate and the House of Representatives, Cabinet officers, prominent members of the Shipping Board, as well as other prominent citizens of both Washington and Alexandria to attend the launching of the "Betsy Bell" and it is expected that thousands of people will be present on this occasion to see the launching of the sister ship of the "Gunston Hall" which was the largest steel vessel ever launched in the waters of the Potomac.

The city of Alexandria feels justly proud of the achievements of the Virginia Ship building corporation. The The first pile for the erection of the shipyard was driven February 1, 1918, and the yard completed at an approximate cost of approximately $3,000,000 and their second vessel ready to launch. The Virginia Shipbuilding plant is employing between 2,500 and 3,000 men with a payroll of over 100,000 weekly.

The executive committee of the Retail Merchants' Association requests all merchants in the city to close their places of business Saturday May 24 from 1 until 3 o'clock in the afternoon in honor of the launching of the big freighter "Betsy Bell" which will be launched at 2 o'clock from the ways at the yard of the Virginia Shipbuilding Corporation.

All merchants and others on King street are requested to decorate their places of business in honor of the event.

ENDORSE GIRL'S WORK

Action Taken at Mass Meeting at W. C. C. S. Hall

The mass meeting held in the War Camp Community Hall Monday evening attended by an enthusiastic crowd representing all the churches of the city and many local organizations. Rev. Dr. W. J. Morton, rector of Christ Church and president of the local ministerial association presided He opened the program with a prayer after which he made a short address as to the purpose of the gathering. He then introduced two representatives of War Camp Community Service who were to present the important prases of the girl's work in this city.

Miss Ellen K. Gross, the field representative of the girl's work for the state of Virginia explained at some length the kind of program being successfully carried out in other cities the size of Alexandria.

Miss Mary H. Mendenhall, the local director of girl's work, suggested the type of work that might be begun at once in this city. After these two talks many questions were brought up and discussions freely participated in by many of those present.

Then a motion was unanimously passed by the body endorsing the girls' work and promising co-operation in making it a success here.

In order to facilitate matters and have the work begin at once a motion was made to the effect that members of a local committee be suggested from the floor.

Mrs. T. C. Howard was unanimously elected chairman of such a committee and asked to consult with the War Camp Community authorities to appoint other members of this advisory committee. This committee will be announced later and the members notified.

SUFFRAGISTS SURE OF SENATE VICTORY

Washington, May 22.—Suffragists today moved their camp to the Senate, whence they hope to obtain, within a few weeks the favorable vote which will submit the national suffrage amendmen to the states for ratification.

Following their 304 to 89 victory in the House yesterday, suffrage leaders predicted the Senate, on its third opportunity in two sessions finally will approve the resolution.

Senator Hiram Johnson, of California, scheduled to be chairman of the Suffrage Committee, announced if he is given that place, he will lose no time in obtaining action.

"I will get the committee together as soon as possible," he said, "Immediate committee action will bring the question before the Senate before the League of Nations and peace treaty or other great problems engross it."

The result is expected to be much closer in the Senate than in the House, and may not be reached so quickly as in the House, where but two hours debate were consumed before the vote.

HAWKER STILL MISSING

Unlikely That Any Trace of Men or Plane Will be Found

London, May 22.—Now that all hope for the rescue of Harry G Hawker and Lieut. Commander Mackenzie Grieve has been abandoned the impression is growing among experts that the little Sopwith plane probably never reached the neighborhood of the Irish coast.

It is believed that either the petrol supply was exhausted in midflight as a result of encountering unexpected adverse gales, or that the plane dropped because of engine trouble and was unable to take the air again.

As it is, Hawker and Grieve have been swallowed by the void like Hamel and Andre. It is considered extremely unlikely that any trace of the men or plane will ever be discovered. The weight of the engine would be certain to force the frail body of th plane beneath the waves, especially if the sea were rough, as it is known to have been in mid-Atlantic during the estimated time of Hawker's flight.

WILL OBSERVE JUBILEE WEEK

Big Celebration Planned for Second Week in June

TO HONOR HEROES

Committee Will Raise $10,000 For Festivities Planned in Honor of Returning Soldiers.

The second week in June has been designated as "Jubilee Week," the purpose being to have a week's entertainment in honor of the home coming soldiers. This was determined on today at a mass meeting held at 11 o'clock in the rooms of the chamber of Commerce. Thesmeeting was presided over by Carroll Pierce, chairman, president of the Chamber of Commerce.

Attending the meeting were representatives from practically every organization in the city. The celebration will be in honor of both the men and women who have served in the army and navy.

It was decided to raise at least $10,000 in order to have a fitting celebration in honor of the returning heroes and the executive committee was instructed to proceed to raise this amount.

Mr. Pierce who announced that many of the men who served overseas are now home and that the old Alexandria Light Infantry is now at Camp Stuart, Newport News an that these men soon will arrive in Alexandria.

He added that the 80th division is now on the high seas and due to arrive in Newport News May 26, and that in order to proceed with the work of completing details of the celebration a permanent organization should be effected. The following resolution offered by R. S. Jones was unanimously adopted:

First—To elect a chairman ,two vice chairman, a secretary, and a treasurer.

Second—That the permanent chairman appoint an executive committee of about twenty-five men and women, the chairman to be ex-officio chairman of this committee.

Third—That a reception committee of one hundred men and women be appointed by the chairman and ratified by the executive committee.

Fourth—That while this meeting desires to leave the details of the welcoming celebration in the hands of the executive committee, this meeting now declares itself in favor of securing some permanent memorial to be tendered to the men returning from the service as a testimonial of the esteem of their fellow citizens.

Fifth—That his meeting now proceed to discuss the character of celebration deemed desirable, over what period the celebration should extend and that the consensus of the opinion of this meeting be reflected by a vote on each proposed suggestion, the adopted suggestions to be submitted to the executive committee for action and amount of money to be raised.

The following participated in the discussion anent raising of funds for the celebration:

Gardner L. Boothe, L. Ruben, B Abramson, Homer H. Wie.

Those discussing the form of entertainment to be accorded the returning soldiers included Rev. Dr. E. V. Regester, Capt. George H. Evans. Sergt. Wilmer Scott, J. M. Trimyer, R E. Knight.

As stated above it was decided that the second week in June be known as "Jubilee Week" This date it was stated will give the various committees ample time to provide suitable plans.

It was decided to meet the different units as they arrived.

Mrs. James E. Alexander extended an invitation from the Woman's Auxiliary of R. E. Lee Camp Confederate Veterans to have the Veteran's Hall used for a reception to the boys. She recalled the days of 1865 and the returning Confederate soldiers were not only welcomed home but were taken in to the hearts of the people, and she hoped that the same spirit would be shown when the boys of this day returned.

There was an insistent effort on the part of a very large number attending the meeting to contribute liberally, and at once. At the close of the meeting the Chairman received a pledge from Mrs. L. W. Reed, of the Womans' Auxiliary for R. E. Lee Camp Confederate Veterans, for $25.

TROOP NO. 2 BOY SCOUTS

Will Observe Scout Week June 8 to 14

A large and enthusiastic meeting of Troop No. 2 Boy Scouts of America was held in the Lyceum Hall, on Duke street, last evening. At this meeting plans were formulated for the observance of "Boy Scout Week" from June 8th to the 14th. In President Wilson's proclamation relative to "Boy Scout Week" he says in part:

"I earnestly recommend that in every community, a citizens committee under the leadership of a National Citizen's Committee, be organized to co-operate in carrying out a program for a definite recognition of the effective services rendered by the Boy Scouts of America; for a survey of the facts relating to the boyhood of each community, in order that with the co-operation of churches schools and other organizations definitely engaged in work for boys adequate provision may be made for extending the Boy Scout program to a larger proportion of American boyhood."

It is expected that the Hon. W. G McAdoo, chairman of the National Citizens' Committee will in a few days appoint a Chairman of the Citizens Committee for Alexandria when an effort to carry out the proclamation of the President in relation to the Boy Scout movement will be actively begun here.

WINS LIBEL VERDICT

New York, May 22.—A verdict of $30,000 in favor of John Armstrong Chaloner was returned by the jury yesterday evening in the libel suit brought by Chaloner against the New York Evening Post in the United States Circuit Court.

Mr. Wherry moved that the verdict be set aside on the ground that it was not warranted by the evidence before the court. Judge Hand took the motion under advisement and said he would announce his decision in three days.

Chaloner's subconscious personality was submitted to a grilling by Mr. Wherry, counsel for the Evening Post, in his summing up.

"You never saw a more brilliant case of a man affected by insanity than you see on the witness stand here," he said. "When he speaks of his subsconsciousness, I say it is his delusion, and it was his delusion and not his subconsciousness that was testifying. The delusions colored all the circumstances around him.

"The defense of this newspaper is that in the alleged libelous article no reference was made to the plaintiff and that the libel existed only in Chaloner's imagination."

A REMINDER

On Tuesday, May 27, this district will elect its next Congressman, R. Walton Moore, of Fairfax, is the Democratic candidate. It is seldom the privilege of any electorate to vote for so capable and upstanding a man. Mr. Moore has the experience, intelligence and integrity to meet all the big issues of the day in a big American way. His presence in Congress will be one barrier against the wild creeds of the age. It is the plain duty of all citizens to carry Mr. Moore's candidacy over the top on election day,—there is now no place for political slackers.

Remember the day—Tuesday, the 27th day of May, 1919.

PLANS FOR RECEPTION

Many representative citizens assembled this morning in the auditorium of the Chamber of Commerce for the purpose of perfecting plans for receiving back to their homes our returning soldier boys after service upon th field of battle in northern France. While there was a fair representation of our citizens present, this movement should inspire every patriotic soul in Alexandria, and it is earnestly hoped that those who were unable to be present this morning will vie heartily with those who have so nobly placed their shoulders to the wheel.

Our old city has heretofore rejoiced on similar occasions. It is incumbent upon it to do so again, more so now than ever. Soldiers returning to their homes after the thrilling days of 1776-1783, received the honor due thm, as did those who fought in the second war for independence in 1812. Survivors of the Indian wars, those of the Mexican war, the war between the States, Spanish-American war and the movement on Mexico several years ago were all received with open arms after they had performed their duty to their country.

The Alexandrians who braved the Atlantic, defying the elements and German submarines ,and fought upon the plains of Picardy to preserve Liberty should be tendered a royal welcome upon their return to the city of their birth.

The Chamber of Commerce has the matter in hand, and this organization should have the undivided support of every citizen.

The words of the civil war song, "When Johnny Comes Marching Home Again," can be used with as great enthusiasm in 1919 as they were in 1865.

GRANTED WEEK OF GRACE.

Must File Written Observations by One O'clock May 29.

Paris, May 22.—A week of grace was granted Germany by the allied and associated governments yesterday in reply to her plea that so vast was the task of putting all her complaints in writing, and so intricate were the details of the "expert" research required, that she could not possibly have all her notes in by 1 o'clock noon today, which was the original time st.

As things now stand, she must have filed the last line of her "written observation" by 1 o'clock noon on May 29, a week from tomorrow.

Almost simultaneously with this announcement came news from Berlin, again putting the Ebert government unequivocally on record as announcing its refusal to sign the treaty in its present form.

A carefully worded statement was issued by the Berlin ministry, repeating all the protestations publicly uttered by various ministers and by Ebert himself during the last few weeks.

Like all previous utterances it "plays up to" American public opinion and to President Wilson, basing the whole German defense on the fourteen points.

Incidentally, it calls the Versailles treaty a "Hymn of Hate."

At this cabling it is not known whether the Berlin statement was made public before or after the request for an extension of time was granted. The general opinion, however, is that it was held in readiness and not "sprung" until Count von Brockdorff-Rantzau had in his pocket Premier Clemenceau's written communication extending the time limit.

WINNIPEG IN STRIKE GRIP

Only Paper Published Calls Movement at Soviet Rule

Winnipeg, Man., May 22.—Winnipeg, tightly bound by a general strike, was silent yesterday.

Some of the jollity attending the first few days of freedom from work was missing. The situation was more tense. Officials regarded the silence as ominous and the vigilance of Canada's mounted police and local officers was increased.

Restrictions on work were made more vigorous. The only relaxation was permission of the strike comittee to newspaper workers to issue a small edition of the Free Press.

The paper distributed gratis, proclaimed the movement an attempt at Soviet rule. This is the most "serious hour in Winnipeg's history, the paper said.

The railroad workers have voted unanimously to join the general strike in Manitoba, and yesterday waited word to quit work, according to R. B. Russell of the central strike committee.

With the railroads tied up, the food situation will become more acute, company officials said. More restaurants were closed yesterday for lack of provisions. Strike committee members said food and milk is being distributed and no serious suffering will result from shortage of food.

Use of automobiles is being restricted because of the depleted gasoline supply. No street cars are running. No mail deliveries are being made.

City officials and strike directors refused to make any statement on the possibility of a settlement. The others, however, are unwilling to work longer.

HOW RHEUMATISM BEGINS

The excruciating agonies of rheumatism are usually the result of failure of the kidneys to expel poisons from the system. If the irritation of these uric acid crystals is allowed to continue, incurable bladder or kidney disease may result. Attend to it at once. Don't resort to temporary relief. The sick kidneys must be restored to health by the use of some sterling remedy which will prevent a return of the disease.

Get some GOLD MEDAL Haarlem Oil Capsules immediately. They have brought back the joys of life to countless thousands of sufferers from rheumatism, lame back, lumbago, sciatica, gall stones, gravel and other affections of the kidneys, liver, stomach, bladder and allied organs.

They will attack the poisons at once, clear out the kidneys and urinary tract and the soothing healing oils and herbs will restore the inflamed tissues and organs to normal health.

All others are imitations. Ask for GOLD MEDAL and be sure the name GOLD MEDAL is on the box. Three sizes, at all good druggists.

FLIES WITH FREIGHT

Key West, Fla., May 22.—John Green, of St. Petersburg, Fla., and Augustin Parla, a Cuban aviator, reached Habana safely late Tuesday in a flight from Key West which was said to be the first to carry freight from the United States to a foreign country by air. The trip was made in 2 hours and 20 minutes, the message said.

FARMER KILLS HIMSELF

J. W. Spiers Commits Suicide at His Home Near Petersburg

Petersburg, May 22.—J. W. Spiers, aged 65,a well to do farmer, of Dinwiddie county, residing nar Reams Station, on Atlantic Coast Line, ten miles from Petersburg, committed suicide by shooting through the head with a shot gun. He had recently been out of health, and this, coupled with the impression, it is said, that he would lose what he had temporarily unbalanced his mind. Spiers recently declined an offer of $10,000 for his home place. He also owned considerable valuable property in Petersburg. He was a native of Dinwiddie county and was born where he resided. Besides his widow seven children survive.

GENERAL PERSHING'S CABLE

To Commander Evangeline Booth of the
Salvation Army in the United States

I WISH to express to you my sincere appreciation and that of all members of the American Expeditionary Forces for the splendid services rendered by the Salvation Army to the American Army in France. You first submitted your plans to me in the summer of 1917, and before the end of that year you had a number of huts in operation in the training area of the First Division and a group of devoted men and women who laid the foundation for the affectionate regard in which the workers of your organization have always been held by the American soldiers. The outstanding features of the work of the Salvation Army have been its disposition to push its activities as far as possible to the front and the trained and experienced character of its workers, whose one thought was the well being of its soldiers they came to serve. While the maintenance of these standards has necessarily kept your work within narrow bounds as compared to some of the other welfare agencies, it has resulted in a degree of excellence and self-sacrifice in the work performed which has been second to none. It has endeared your organization and its individual men and women workers to all those divisions and other units to which they have been attached and has spread their good name to every part of the American Expeditionary Forces. Please accept message to each of your workers.

(Signed) JOHN J. PERSHING.

PEACE PACT WITH CHILE

Great Britain and South American Nation Avoid War Possibilities

Chile and Great Britain have signed a treaty of peace and friendship, providing that difficulties not covered by existing agreements shall be referred to a permanent international commission containing representatives of both countries and additional members of neutral countries, the State Department was advised yesterday.

The treaty will be presented for ratification by the Chilean Congress when it meets in June.

Under the treaty, differences which cannot be solved by present agreements shall be referred, after the usual diplomatic representations fail, to a commission. The treaty stipulates that there can be no hostilities pending such reference.

FIRES FIRST SHOT

The first response to President Wilson's suggestion for the repeal of the beer and wine provisions of the war-time prohibition act was the introduction in the House yesterday by Representative Gallivan, of Massachusetts, of a repeal measure. Gallivan announced that he and Representative Fitzgerald, also of Boston, will lead the fight to have the beer and wine restrictions set aside.

Prohibition leaders in both houses do not see much chance of success for a repeal bill. They believe it will be impossible for advocates of such a measure to muster a majority in either house.

Senator Sheppard, of Texas, one of the leaders of the "drys," discussed the situation at considerable length. He asserted that instead of repealing the beer and wine act this Congress will pass a measure providing for strict enforcement of the war-time prohibition law, which goes into effect July 1.

W. A. SMOOT & CO. INC.

Your Next Winter's Coal

We do not know what the price of coal will be next Fall and Winter, as the retail price is governed by the price at the mines and the freight.

Our understanding of the present program is that Anthracite coal will advance ten cents a ton a month from May 1st to September 1st, and although we think this program will probably be carried out yet we are not sure of this.

We do know that THE MINES CANNOT PRODUCE, THE RAILROADS CANNOT HAUL AND THE DEALERS CANNOT HANDLE nearly enough coal during the Fall and Winter months to take care of an ordinary Winter's demand.

This means that coal will have to be mined, transported and delivered during the Spring and Summer to avoid a serious shortage next Fall and Winter.

We advise our customers to take these facts into consideration and order a reasonable supply of coal now.

SHOOTING ACCIDENTAL

Mrs. Trepagnier Pleads That She Meant Only to Defend Self

Chicago, May 22.—Mrs. Vera Trepagnier, 59, of New Orleans, killed Paul F. Volland accidentally, and with no other thought than that of self-defense, she said, when applying for release on bonds Monday.

"I went to Volland's office," she said. "I told him I had came to get a settlement about publication of the George Washington portrait and pay for the 150,000 copies made of it.

"When he said he wouldn't make a settlement and grabbed my throat and forced me to my knees, the revolver in my pocket went off. He let go of me quite suddenly, crying, 'I'm shot!' Then he fell."

Mrs. Trepagnier covered her face with her hands and wept.

"I didn't mean to shoot," she sobbed. "I only took the revolver along for protection.

EX-SENATOR SPOONER ILL

Wisconsin Statesman's Condition is Said to be Serious

Milwaukee, Wis., May 22.—John C. Spooner, former United States Senator from Wisconsin, is seriously ill in New York and is not expected to live, according to a message received by his son, Willet H. Spooner. The son departed for New York.

New York, May 22.—Former Senator Spooner was said yesterday to be better, but his condition is still causing anxiety to his family on account of his advanced age. Mr. Spooner, who is 76 years old, suffered a nervous breakdown about two weeks ago.

TO THE VOTERS OF THE CITY OF ALEXANDRIA

The City Democratic Committee urgently requests all citizens who have the right of suffrage to cast their ballots on Tuesday, May 27, 1919, for the Hon. R. Walton Moore, of Fairfax County, for the Congress of the United States.

He is the nominee of the Democratic Party, and should receive the cordial support of all loyal democrats. A better equipped candidate could not have been selected for the standard bearer of the party. His brilliant mental attainments and lofty traits of character pre-eminently qualify him for the position. If elected, he will discharge his official duties with singular ability, and his constituents will have a representative of whom they can feel justly proud. In order to maintain the present state of prosperity prevalent in the city and district, it is of the utmost importance that the people should have a representative in the National Congress whose capabilities will command influence and respect. It will be impossible to accomplish his defeat if those who have the right of suffrage perform this important civic duty.

Respectfully,
City Democratic Committee,
By Charles Bendheim, Chairman

GRAND THEATRE TONIGHT

INGOMAR—"Women's Weapons."

Few among the motion picture stars of this country are more popular than Ethel Clayton who makes her appearance as a Paramount star in "Women's Weapons" at the Ingomar Theatre tonight. This is a charming photoplay and it is in every respect an adequate vehicle for Miss Claytons second Paramount appearance.

Richmond—"Married in Haste"

"Married in Haste," ot the Richmond tonight, the first picture produced by William Fox for his new star, Albert Ray, and his new leading woman, Elinor Fair, is a smashing big comedy of the cleanest and liveliest sort—snappy, rapid, bubbling with fine humor and excruciatingly funny in its situations. Both Mr. Ray and Mrs. Fair are fitted perfectly by nature and training for this sort of work.

NATURE PROVIDES THE INGREDIENTS

Argo-Phosphate, the New Herbal Remedy, Now Endorsed by Local People

If the digestive rgans are not properly performing the work which nature has assigned to them, then nutrition, which is absolutely essential to the recovery of other diseased parts, will be lacking and there can be no permanent relief. When bodily nutrition is normal, the stomach digests the food, the blood absorbs and carries the nourishment to the different parts of the body, causing the various organs to properly perform their functions.

Nature has provided a remedy in the ingredients of Argo-Phosphate, the new herbal stomach remedy, which is now being introduced here. It is purely vegetable and its vitalizing, corrective and reconstructive qualities are so pronounced that beneficial results are noticed from the first day. That this is true, it is only necessary to listen to the statements made daily by local people who have given Argo-Phosphate a fair trial and have been benefited thereby.

It is dispensed by Richard Gibson and the Rexall Store.
